

5 TIPS FOR FINDING YOUR NEW COPENHAGEN HOME

1

HAVE AN HONEST BUDGET

It is useful to think carefully about your ideal amount and then the amount that you could afford if you made some cutbacks elsewhere.

2

YOUR EXPECTATIONS VS REALITY

City living isn't the same the world over and you need to adjust some of your expectations.

3

YOUR TIME AND ENERGY

Relocation advisors who assist in finding you a place can really save you time and money in the long run.

4

BE REALISTIC

If you are still not coming up with options of places you need to have an honest reappraisal of your expectations and search criteria.

5

A WORD OF CAUTION

Never take a rental that won't allow you to register for your personal ID number (CPR-nummer) at the address no matter how desperate you are - this is illegal.
